

THE DAILY CAPITAL HAS THE LARGEST CIRCULATION PER ISSUE OF ANY PAPER PUBLISHED IN EDMONTON

THREE HUNDRED SETTLERS COMING ON G.T.P. SPECIAL

Railroad Brings Through its First Train Load of Home-seekers—They are From the Eastern Provinces and New England States—An Interesting Event in Edmonton's History.

One of the most important events in the history of the Grand Trunk Pacific Railway will take place to-night when the first homeseekers' special that they have ever run arrives in Edmonton, completing the long journey of over 2,000 miles. The special left Montreal several days ago, and is carrying about three hundred settlers, nearly all of them being farmers from Eastern Canada and the New England States. The settlers will travel on a complete G.T.P. train, composed of tourist and baggage cars, and it will have made the trip entirely over G.T.P. rails. It will pull in at the C.N.R. depot, and is expected to arrive about nine o'clock.

The class of settlers that this train is bringing is of the very best, as they are all the pick of the farming communities of the East. They are nearly all bound for points in northern Alberta, and will take up, in many instances, land that along the G.T.P. in Saskatchewan and Alberta.

Men for Construction Work.
Beside the colonists that will come

all the way from Montreal, the special is bringing nearly 200 men from Winnipeg to help fill the shortage in the labor market in and around Edmonton. This large gang of men is being brought out here by R. S. Logan, the local employment agent that went to Winnipeg the first of the week in search of men. The coaches containing these men will be taken right on through to Wolf Creek, where they will be put to work at once on the construction work on the G.T.P. that is in progress there.

But even this number of men will be but a drop in the bucket compared to the number that is required at the present moment. Logan's agency alone requires 200 men more in order to supply the demand made upon them by contractors. Phelan and Shirley want 300 men at once for the construction of the branch line of the G.T.P. from Edson to the coal fields, fifty miles distant. Webster needs more men to work on the 150 miles of the line from Camrose to Calgary, and Timothy wants 150 men next week on the branch of the G.T.P. from the main line into Calgary. W. Casack, a sub-contractor under Webster, leaves Strathcona this afternoon with thirty-five men, and other sub-contractors are also leaving shortly, as soon as they can secure enough men to fill on their gangs.

ODD FELLOWS HOLD BIG ANNIVERSARY

Many Prominent Officers were Present to Celebrate the Anniversary of Edmonton Lodge

In pointing out the great forward stride made by the I.O.O.F. in Alberta during the last few months, Grand Master V. C. French, G.M. of the Grand Lodge of Alberta, stated during the last few months, new lodges had been inaugurated in the province and that ten more applications were in for the installation of as many more. These remarks were made at a union meeting of all the lodges in Edmonton held at the I.O.O.F. hall last night to celebrate the anniversary of the installation of Edmonton Lodge No. 39, which was inaugurated on April 4, 1907.

In addition to Grand Master French of Wetaskiwin, W. G. Shera, deputy Grand Master from Fort Saskatchewan, and O. H. Dingman, Grand Warden from Calgary, and representatives from eleven other lodges in the province were present. Altogether about 150 members of the order were in attendance and the first degree was exemplified by a union team of 28 members from all the city lodges under the leadership of Past Grand Scott of Narwood Lodge No. 41, who acted as degree captain.

After the initiations a short musical programme was given and speeches were made by Messrs. French, Shera and Dingman, as well as by Deputy Grand Master Armstrong of this city and a number of the other local grandmasters. Refreshments were also served.

The Edmonton lodges represented last night were Friendship No. 7, Edmonton No. 39, Narwood No. 41, and Narwood No. 47.

WHAT WOULD YOU DO?

Building Inspector McKinnon Explains by Asking a Question.

The Capital said Mr. McKinnon this afternoon in regard to the question, "What would you do?" He was asked, "What the permit was not taken over?" "If," replied Mr. McKinnon, "you were employed by a man, and he set certain rules to govern you, and upon some occasion he himself violated one of those rules, would you consider it your business to reprimand him? It was just like that in this case. I was employed by the city, and if one of the commissioners thought fit to proceed with the erection of a civic building without taking out a permit, it was not my place to question the city to appear before a police magistrate."

FACULTY WAS STUCK

Not by Any Academic Question But Just Plain Fly-Paper.

Liberty, Mo., April 8.—Fly paper and President Taft's inaugural speech are closely linked in the minds of the students at Liberty ladies' college. The president's speech is to be memorized; the fly paper is to be forgotten. The girls planned a barn yard scene Friday night. Promptly at midnight 75 feminine voices shattered the stillness with imitations of barnyard fowls. Simultaneously with the outburst various members of the faculty leaped from their beds and started for the scene of the disturbance. They were in a hurry and did not stop to hunt slippers. Down the dimly-lighted hall they raced to catch the rioters in the act.

The rioters expected just such a rush, vigorously had laid a liberal coating of fly paper on the walls. While the teachers were floundering about, the girls finished the serenade and retired.

The next day they were ordered to memorize Taft's inaugural address.

VICTIM OF ACCIDENT DEAD

John Macdonald Who Was Struck by Car Died in Hospital.

John Macdonald, who was struck by a street car at the corner of Vermilion avenue and Fourth street yesterday, died at the Misericordia Hospital yesterday afternoon. Mr. Macdonald was seventy years of age, and lived with A. E. Knapp, 942 Fraser avenue. He came originally from Chatham, where he had a married daughter. Word of his death was sent to her yesterday afternoon. An inquest into the death was held at the undertaking parlors of Connolly and McKinnon this afternoon.

Presentation at Westward Ho.

Mr. Jefferson, on the occasion of his marriage to Miss Strong, was presented with a handsome brass clock and the following address by the boys of the Westward Ho College: "Rev. R. Jefferson, B.A.: "We, the boys of Westward Ho College, Edmonton, having been very intimately associated with you, and directly under your guidance for the past four years have learned to feel the value of your direction of our lives and that your direction is leading us to a career of success and usefulness in the world. We express our gratitude for the unflinching efforts you have exerted and deep interest you have always taken on our behalf with every wish for your happiness we beg of you to accept this token of our appreciation of your efforts and unwavering interest in our welfare and that of our school. Signed on behalf of the school. R. F. Wilkins, Prefect H. J. Emery, D. W. Macdonald, W. J. L. Rolfe."

MILLER BILL WAS KILLED

Anti-Gambling Measure Met its End in Noisy Session.

FRENCH-CANADIANS OPPOSED

The Vote Showed That There Was Little Chance of the Bill Ever Becoming Law.

Ottawa, April 8.—The Miller Anti-Gambling Bill, which has commanded the attention of the House for two days, was put out of existence for this session last night by the slow torture method. The death-bed scenes were somewhat mixed with confusion and its dying hours were noisy, there being no mistaking the sentiment of the House regarding the legislation.

The first clause was killed by the narrow majority of 28 to 77, and other clauses by small majorities. The votes were not by any means confined to party lines. Sir Wilfrid Laurier, Mr. Fielding, Mr. Lemieux and Mr. Patterson voting with Mr. Miller, as did Mr. Borden and many other Conservatives, particularly from Ontario. The French-Canadian vote, however, was almost solid in opposition to the bill. The result of the vote showed that there was no hope of the Miller bill as drafted becoming law. To save this bill from being entirely swallowed up by the McColl amendment and prevent the amendments from carrying, Mr. Miller quit the saddle, thereby calling down severe strictures on his conduct from those who really desired some restrictions of race track betting which the McColl substitute bill contained.

New Buildings in Calgary.

Calgary, April 8.—Plans for buildings, which will aggregate in cost approximately \$235,000, are being drawn by Hodgson and Bates, architects, for Sir John Langham, the wealthy Englishman, who has been investing so heavily in Calgary property.

COUNCIL WAS OH, SO ANGRY

Why Was There no Permit For Pumping House?

McKINNON ASKED TO REPORT

'Gross Neglect' Said Some Aldermen, But Others Laid it all to the System.

"He simply did not do his duty," and "gross neglect" were some of the terms used at last night's council meeting by some of the aldermen in speaking of the fact that the building inspector did not see that the required license was obtained by the city before building operations were commenced on the new pump house.

Last Wednesday morning when the council was considering Mr. Francis' report on the present much-criticized state of the pump house, Ald. Hyndman made the remark that somebody's head would have to come off. Ald. Armstrong's motion last night asking the building inspector to bring in a full report on the construction of the pump house, why it was allowed to be built without a permit first being taken out, and asking him further to explain fully his relations as building inspector to all civic buildings, appears to be the first step in the search for heads. "A permit should have been taken out. Mr. McKinnon's reasons as to why it was not," said Ald. Armstrong.

Blame Laid on System.
"I do not think that Mr. McKinnon himself was to blame," declared Ald. Gariepy. "It was the system more than anything else. There was a very clean sweep in the various departments two years ago when both commissioners and the city engineer were dismissed. Hence quite a new organization sprang up. Mr. McNaughton was created a commissioner and he had altogether too much to do. He was not only commissioner but he was looking after the power plant as well. His powers were too great. That I think is the cause of all this present trouble. Not that Mr. McNaughton had any other idea than that of advancing the city's interests. I have heard that he has several times worked for twenty-four hours at a stretch. It was merely the fault of the system."

"So what we want to do now is to have a reorganization," continued Mr. Gariepy. "And we must start with the heads of the departments and see that we have the very best men. There is nothing to be alarmed about. Things are not so bad as they seem to be." "If it had been a private house that was being built," remarked Mayor Lee, "and the building inspector found that a permit had not been taken out, he would have had the offenders up before the police magistrate. When he discovered that the pump house was being built without a permit, he should at least have notified the Commissioner."

"That's all right enough," said Ald. Gariepy, "but McNaughton was a superior officer. He was public works commissioner and was building the pump house, and so no doubt Mr. McKinnon did not wish to interfere."

"That is no reason at all," declared Ald. Armstrong. "There should be no connection between the building inspector and Mr. McNaughton whatever. Mr. McKinnon simply did not do his duty and we must know why." "Straight neglect is the charge that we have against Mr. McKinnon," declared Ald. Miller. "He must have known that the pump house was being built. And he certainly knew that a permit had not been taken out. It was simply a case of gross neglect."

The motion then carried unanimously.

Chicago, Ill., April 8.—The joint scale committee of the Illinois miners and operators will meet in Chicago next Tuesday, but according to both sides no agreement is expected within at least six weeks.

MR. FROUDE IS DEAD

Assistant Secretary of the Y.M.C.A. Has Passed Away.

The death occurred yesterday afternoon of A. Froude, assistant secretary of the Y.M.C.A. Mr. Froude was in good health until last Saturday, when he was taken with a severe hemorrhage which resulted in his death. He had only recently come to Edmonton from Welland, where he had been general secretary for the Y.M.C.A. for a year and a half.

Previous to this he had been engaged in Y.M.C.A. work in Peterboro and Toronto, and also in newspaper work in Edmonton. Mr. Froude's father and mother reside in Peterboro, where he also leaves a brother and sister, and another brother in Sydney, Cape Breton. The deceased was about twenty-six years of age and unmarried. A funeral service will be held at the Y.M.C.A. tomorrow at 12.30, and the remains will be sent east on the C.P.R. afternoon train.

Found Guilty of Murder.

AUSTRIA TAKES PRECAUTIONS

They do Not Want Ex-President Roosevelt to Make Any Breaks in That Country.

Paris, April 8.—Roosevelt's reception of Free Masons during his stay in Rome has called forth criticism from the section of the Royalist and Catholic press. The Gaulois says that the incident justifies the precaution adopted by the Vatican, indicating that Mr. Roosevelt probably would have received the Masons after his audience with the Pope, had such an audience taken place, passing from the Vatican to the Masonic chiefs as if with the approbation of the Sovereign Pontiff.

The Echel accuses Mr. Roosevelt of wreaking vengeance of a disappointed tourist and punishing "an ungrateful Papist" by bowing down before the idol of Masonry. The paper follows a long and violently worded attack with a special dispatch from Vienna in which it makes the claim that the government there has adopted extraordinary precautions to prevent Mr. Roosevelt making "breaks" similar to those which he made in Rome.

NEW RECORD PRICE

Hon. J. A. Gordon, of London, England, Makes Important Purchase.

The record price in acreage on the south side of the river was reached yesterday when E. Gallagher disposed of two acres of land to Hon. J. A. Gordon of London, Eng., for \$5000. The land disposed of is situated close to the residence of Mr. Gallagher on Dowler Hill, and Messrs. Dawson and Hyndman are said to have acted for the purchaser.

HOMESTEADERS BURNED OUT, PRAIRIE FIRES IN SOUTH

Districts. Around Watrous, Saskatchewan, Visited by Bad Blaze—Driven on by High Winds the Flames Licked up Everything From a Bush to a Barn.

Watrous, Sask., April 8.—A prairie fire passed through the southern portion of this district last evening and today homesteaders from several miles around are coming into town to report the loss of either grain or small belongings. Owing to the high north-west winds yesterday, the flames licked up everything from a bush to a barn on its journey eastward. Thus far some of the homesteaders and farmers as close as six miles to town report the loss of grain or home. It is reported that the fire started from a homestead where a fire guard was being burned. To the northeast of the town the fire burned along the banks of Little Manitow Lake and did considerable damage to the brushwood. At present it is not known how much damage has been done to this portion of the district. On the homesteads of D. Wilson, Oscar Overlo, John Odnor, Osman Fargand and Lawrence Pettit the buildings are all destroyed, while Nels Fargand lost, besides his home, over six thousand bushels of oats, and Harry Johnson lost a barn and seed grain.

Two Men Had Narrow Escape.

Gainsboro, Sask., April 9.—Prairie fires started north-west of here about two o'clock yesterday afternoon and spread at a rapid rate, fanned by northwest winds. The farmers turned out and checked the flames considerably. One team and two men had a narrow escape.

Benace Farm Suffers.

Moosomin, Sask., April 8.—Buildings on "Benace" Farm, two miles west of town, were burned by a prairie fire yesterday.

Unidentified Thief Shot.

Reading, Pa., April 8.—Detected in the act of stealing brass journals from freight cars late last night, an unidentified man was shot and killed by two Pennsylvania Railroad detectives. The dead man was about 45 years old. Two German newspapers were found in his pockets.

Was Unbalanced by Religion.

Kemora, April 7.—Fred Heary, a farmer, located twenty miles down the Winnipeg river, was found dead in his hands, he was of a very religious nature and at times suffered from mental derangement.

COUNSEL HAVE GONE HOME

Mr. Walsh and Mr. Johnson Have Completed Their Work for the Present.

After completing all the work they can do until the reopening of the Waterways investigation on Wednesday next, Messrs. Walsh and Johnson, the counsel for the Commission, left for their homes in Calgary and Lethbridge respectively this morning. They will be absent until Tuesday next. Although they were again asked last night if there would be any sensational developments in connection with the investigation, they refused to say whether they had found anything wrong or not, saying that everything would come out in the investigation and that before it came out they would make nothing public.

ALBERTA'S WHEAT GOING TO MEXICO

Shipments to the Pacific Coast Have Never Been So Heavy as During Past Month.

Calgary, April 8.—Because of the fact that the Mexican republic has had one of its periodical spells, when it lifts the tariff on wheat for 30 or 60 days, there has been a heavy shipment of wheat from the Calgary district to Vancouver for shipment south during the last thirty days. Shipments to the coast for export have never been so heavy before. Canadian wheat is in keen competition with the wheat from Kansas for the Mexican market.

Grain Inspector Hill says that all the wheat now passing through his hands is going west. During March he inspected 317 cars of spring wheat and 168 cars of winter wheat, 385 cars in all. He inspected 200 cars of oats and 30 cars of barley. Since the completion of the Wetaskiwin-Saskatoon branch of the C. P. R., Mr. Hill says no wheat from north of Lacombe for shipment east has been coming to Calgary. It is shipped east over the Saskatoon branch instead.

Comparatively little grain is being received in Calgary, because the farmers are busy seeding. A great deal of seed wheat is being shipped east. Some elevator men estimate that 400 per cent more will be planted this year than last year. All fall wheat, both north and south, is reported to be in good condition.

TAKING NO CHANCES

Elaborate Precautions Being Taken to Guard Well-Known Criminals.

Richmond, W. Va., April 8.—Fred Cunningham, alias Eddy Fay, and Frank Chester, alias Little Dick Harris, arrested in New York and charged with having rifled the cashier's safe of the Richmond post office, were safely lodged in jail here this morning. Such great care was taken to prevent their escape that they were stripped, bathed and placed naked in their cells. "They won't try any silk thread and emery dust work on my bar," said the jailer.

WIVES JOIN IN THE ROW

Political Differences in Washington Carried Into Drawing Rooms.

INSURGENTS VS. REGULARS

Wives of Senators Who Have Stuck by the Machine, Snub Those Who Have Not.

Washington, D.C., April 8.—The bitterness of the insurgent fight in congress has been transferred from the floor of the house to the drawing rooms of Washington.

The wives of a number of leading insurgents of the house have suffered snubs lately at the hands of the wives of senators and congressmen identified with the "regular" organizations of the two houses. These snubs have put the insurgent women on their mettle and have brought about a strained condition in social conditions at the capital.

At a number of receptions within the last two or three weeks the bitterness of the political fight has been carried even into the receiving lines where the wives of regulars were acting as hostesses. On one or two occasions these women have refused to receive the wives of leading insurgents, humiliating the latter and attempting to impress upon them the fact that their husbands were enlisted in a cause decidedly unpopular to the forces that control official Washington.

After the first occasion when the "regular" hostesses snubbed the insurgent women the latter lost no time in holding a counsel of war and determining that they would not permit themselves to be read out of the social ranks any more than their husbands had permitted themselves to be forced out of the Republican party.

At a reception a few days ago two women in the receiving room deliberately turned their backs when the wife of a leading insurgent member of the house came into the room. Angered by the action of their hostesses, the

guest on leaving the reception room snatched her fingers in the face of the women who would not receive her. It is understood that a number of wives of insurgent leaders have suffered the embarrassing experience of experience of having their former friends turn their backs upon them.

After the first occasion when the "regular" hostesses snubbed the insurgent women the latter lost no time in holding a counsel of war and determining that they would not permit themselves to be read out of the social ranks any more than their husbands had permitted themselves to be forced out of the Republican party.

ASKED TIME TO CONSIDER

Latornel and Davidson Wanted to Think the Matter Over.

APPOINTMENT POSTPONED

Special Meeting of Council Decided to Bring Expert to Report on Water and Sewage Systems.

"I think that the solution of the reorganization of the city's government should come from the board of commissioners, not from the council," declared Alderman Gariepy at last night's council meeting, in replying to a suggestion from Ald. Armstrong that a special meeting of the council should be held at which the question of reorganization should be dealt with.

"We will certainly have a different arrangement between the various departments than exists now," said Ald. Armstrong. "As Mr. Francis points out, there is altogether too much overlapping."

"Let the commissioners tackle the problem," suggested Ald. Gariepy. "They can study the problem out in a business-like way at their leisure and report to us. As it is we have too much to do in this room right now." In making the formal presentation of the report Alderman Armstrong pointed out that it had done one good thing in disposing of some of the street rumors that had been in circulation. It presented facts and figures, and exonerated all civic officials.

"There are certain reflections cast upon the city council," he said, "and I, for one, as member of the council, am quite willing to accept my share of the blame."

"It is time we turn over a new leaf, and I think that we should follow out the program outlined by Mr. Francis, to the very letter. It may mean much expense and time to work it out perfectly, but I think the council should take the matter in hand and do it."

"I agree with the newspapers in their contention that we have been adhering too much to the old system of town government," remarked Ald. Gariepy, in moving that the report be received and that the investigating committee be thanked for their work.

"We have dealt with all kinds of minor business and this should not be. Now I think this matter should be handed over to the commissioners so that they can work out a scheme of reorganization. Give them all the money, all the help and all the time they want and let them do it." Ald. Miller seconded the motion and remarked that the heads of the various departments were handicapped under the present system and that something should be done soon.

Latornel Wants Time
"I would like to have a few days in which to consider whether I would care to accept the responsibilities," said Mr. Latornel, when Mayor Lee and Alderman Gariepy's report regarding the appointment of A. J. Latornel and R. G. Davidson was read. "I believe Mr. Davidson agrees with me in this."

It was then decided that it be taken up next week.

The White Elephant Again
"We've got to settle this incinerator problem soon," declared Ald. Lundy, when the city engineer's report on that troublesome question came up for discussion. "I think the problem should be studied out carefully. I would move that in the meantime the report be laid on the table for a month and from now on the white elephant be fed on garbage alone."

"What'll we do with the manure?" inquired Commissioner Butchart. "We'll let the commissioners decide that," replied Ald. Armstrong.

Not to Print Francis' Report

In regard to printing the Francis report Commissioner Butchart said it would cost too much as engravings of all the pictures would have to be made, as they were referred to very often by number. It was finally decided to leave the report open in the City Hall, where any citizen that desired to read it could have access to it.

Routine Business

A petition from a number of Dominion land surveyors asking that they be allowed to see the city's plans defining block corners in the city, as they would be necessary for future surveys, was the first business taken up.

"The plans were made by the city for the city's own private use," said Commissioner Butchart, "in order that we could tell where to lay the sidewalks and so on. I don't know as there is any objection to let these gentlemen see them, however."

The matter was referred to the commissioners for a report.

The plans for the buildings to be erected at the exhibition grounds this year were approved of, Ald. Lundy pointing out that they had passed inspection by the city engineer and the building inspector. They included stock sheds, horse show ring and sheep and hog pens. Mr. Harrison, manager of the exhibition board, stated that later on the plans for the grand stand, and race track and so on will be submitted. He pointed out, however, that the buildings for which plans were already filed, were absolutely necessary, owing to the great increase in the number of exhibits of stock of all kinds. If all the proposed buildings were erected this year, the appropriation of \$75,000 would be exceeded by \$25,000. On a motion by Ald. Gariepy, the plans were accepted and passed.

A cablegram from Coates, Sons & Co., London, Eng., stating that they had bought certain debentures of the city for £20,000. The matter was referred to the commissioners with power to act.

Will Engage Another Expert

The question of engaging the services of Alexander Potter, waterworks and sewage expert, to draw up plans for an extensive sewage system for Edmonton was then discussed.

"Why can't we get a Canadian expert?" asked Mr. Lundy. "Canada for Ever, for mine."

"Well," replied Mr. Latornel, "he is a Canadian. He used to be city engineer at Halifax."

"We have had one expert here," declared Ald. Armstrong, "and I think we are all agreed that we got him at the wrong time. We got him after the horse was stolen. Now, if we get an expert at the present time, to plan our waterworks and sewage systems, I think we will be doing it at the right time, before mistakes are made. I therefore move that we engage Mr. Potter's services."

The motion was seconded by Ald. Miller and carried unanimously.

The bylaw authorizing the sale of the station site to the G. T. P. was finally passed, and the license bylaw amended.

A grant of \$25 a month during 1910 to the Edmonton District Nurses Association was then decided on.

The city solicitor was asked to bring in a full report on the market question, in regard to the buying of the present site.

LIMIT RIGHT OF MARRIAGE

Andrew Carnegie's Latest Contribution to Social Philosophy

NO FAITH IN PHILANTHROPY

Cannot Boost a Man up a Ladder, Says Andrew Unless he Does Some Climbing

Pittsburg, April 7.—"Although I may be possessed of millions," said Andrew Carnegie, in an interview, "I am not in a position of having wealth, because I know what remains will be dedicated to a continuance of the institutions I have formed. The administrator of wealth does not know all the problems when he begins. He learns a great many things by experience, and more and more he learns this: That the only class that benefits from gifts is the class that helps itself."

"I have often said you could not boost a man up a ladder unless he did some of the climbing, and if you let him go he falls to the ground. The last state of that man is worse than the first. I do not believe much in so-called philanthropy."

"The submerged tenth should be dealt with by the state and the day is coming when that class will be helped by the state officials, housed, clothed, bathed and fed, but never allowed to marry. The physician will be called in first when a couple comes to marry and the minister afterwards."

REMOVING OLD BUILDING

They Will Make Room For Handsome Structure For Dominion Bank removing old building obnoxious

In preparation for a handsome office block to be erected by the Dominion Bank at the corner of McDougall and Jasper avenue workmen are now engaged in removing the frame buildings formerly occupied by Messrs. McDougall and Secord which have been standing here for many years. The block will have a frontage of about fifty feet on Jasper avenue and a depth of about 100 feet on McDougall. It was this piece of land that was purchased by the bank at the record breaking price of \$15,500 per front foot some time last year.

THE WHITE WAY TO BE DESERTED

All the Theatrical Lights, From the Lusty Managers to the Lowly Leading Men, Will be at the Ringside on July 4th.

New York is "light crazy" at present, anybody reading the N. Y. papers would think that Jeffries and Johnson were going to fight on Manhattan Island, instead of at the very farthest point away.

Special trains to Frisco are now the talk of the town and any sporting celebrity who has not a "spect" named after him, should feel neglected.

There is the "Bob Murphy special," the "Tom Sharkey special," the "National Sporting Club special," under the management of "Tom O'Rourke," a special train which will be filled by the friends and followers of Eugene Maguire, a prominent Tammany leader, and a special train which will be made up for the members of the "Lamb's" Club. Parties are being organized in nearly all the clubs in New York, in which there are many young men. The Calumet Club will have a private car to the coast and back to New York. A party of New York athletic club members will lead two private cars, and may eventually require a train. Others of the New York A. C. are organizing "title battle clubs," to journey to Frisco, bound to enjoy the fight.

A. L. Erlanger, the Theatrical Trust mogul, is one of the most intensely interested of Jeffries' adherents, and he will head one of the earliest parties to leave New York for California. The special car which will carry Abe and his friends will arrive in San Francisco, a week or ten days before the fight, in order that Mr. Erlanger may have an opportunity of putting in two or three days at Jeff's training camp. In the Erlanger party will be Charles Dillingham, William Hepner, Raymond Hitchcock, Fred Zimmerman and other lights of the theatrical world who are working themselves into nervous prostration trying to get their work closed up before July 4th.

A special car has been chartered by Al. Raymond, Frank McKee, Henry Dazien, A. W. Dingwall, Luther Phelps, "Diamond Jim" Brady, and Phoenix Ziegfeld Jr. William A. Brady, Felix Isman, Willie Collier, John Barrymore, Sam Bernard, De Wolf Hopper, Digby Bell, George Honeoy-Boy Evans, Lee Harrison and a dozen other actors start from New York on June 28th. Broadway will have rather a lonesome appearance about that time.

A TERRIBLE INSULT

The Calgary Herald says: "Deacon White has another say coming. He is the pride of the north, and has a handful of Brown's diamonds, ready at hand but the pick of the bunch may be somewhat like a half-price remnant on a bargain counter. Deacon has Moose Baxter, Pete Morse, Jack Breinan, Morrell, Jack Olson, and McCharr, who have made a few splashes in league ball, which cannot be overlooked, but when you compare them with Carney's 'smoke overers,' why they cast a shadow, but that's all."

May we ask, who are these "smoke overers?"

Winnipeg Without Grogan

Grogan may not figure on the Winnipeg team this year. Manager Lohr states that owing to the fact that he cannot report until late in the season it is probable that the Maroons will play Wynd instead. Grogan is some class and available, but time means money.

STATE UNABLE TO INTERFERE

Richard Says That Emeryville has a Perfect Right to Give Permit for Fight—Not More Than 45 Rounds.

San Francisco, April 8.—"There can be no interference with the Jeffries-Johnson fight by the authorities of Alameda county, where the contest will take place," my lawyers tell me," declared Tex Rickard, when he was in the town and any sporting celebrity who has not a "spect" named after him, should feel neglected.

There is the "Bob Murphy special," the "Tom Sharkey special," the "National Sporting Club special," under the management of "Tom O'Rourke," a special train which will be filled by the friends and followers of Eugene Maguire, a prominent Tammany leader, and a special train which will be made up for the members of the "Lamb's" Club. Parties are being organized in nearly all the clubs in New York, in which there are many young men. The Calumet Club will have a private car to the coast and back to New York. A party of New York athletic club members will lead two private cars, and may eventually require a train. Others of the New York A. C. are organizing "title battle clubs," to journey to Frisco, bound to enjoy the fight.

Reservations continue to pour into the offices of Rickard and Gleason. The latest large order came from Portland, and was for 200 seats ranging in price from \$25 to \$50.

JAKE SCHAEFER'S WONDERFUL FEAT

Made 500 Points Along the End Rail Without Letting Cue Ball Touch the Sides.

"Jake Schaefer was the most wonderful billiard player that ever lived," said Tom Foley, of Foley's billiard hall on Wabash avenue, once a state champion himself. "I remember once upon a time I was in Schaefer's billiard place on Clark street, near the Grand Pacific hotel with a number of Schaefer's friends. Jake was knocking the balls idly about the table."

"How many points, Jake, do you think you can make nursing the balls on the end rail without caroming off the side rails?" one of the party asked.

"Oh, about 500," returned Jake casually.

"I'll bet you a bottle of wine you can't," said the other.

"You're on," answered Jake. "Now, let me explain just what a difficult thing Schaefer was about to undertake. For a good billiard player to nurse balls along the rail is comparatively easy. The chief difficulty is usually in turning the corners. However, when the corners are safely passed the rest is smooth sailing."

"But remember that Schaefer was to nurse the balls back and forth along the short end rail without letting his cue ball touch the side rails. It would have been nothing for such a player as he to nurse balls and forth all day long if he were permitted to use the side rails. But now he had to find some way when he reached the corner to get around the balls to opposite direction. It was a problem. But to him it was as easy as breaking sticks."

Masse and Start Over

"When Schaefer came to a corner he got on the other side of the ball, with his cue ball by a masse or a bank and began to work them back to the other corner. He nursed the balls back and forth along that end rail 17 times and made his 500 points my mind it was one of the most marvelous performances I ever saw."

NAY, NAY, MR. LONGNECKER

This Mr. Longnecker, who said he was offered a position as umpire in the Western Canada League could not have been speaking very "authentically." Why, the Lethbridge Herald says Pat Flaherty is to be the fourth umpire, and that sheet doesn't use its "valuable" space for anything but authentic news.

LACROSSE LEAGUE IS SPOKEN OF

There is a Movement in Southern Alberta to Bind Lethbridge, Calgary, High River and the Hat into a Circuit.

Since Medicine Hat has organized a lacrosse team, the Calgary papers are speaking of a league composed of Lethbridge, Calgary, Medicine Hat and High River.

This will put a different complexion entirely on the prospects for a provincial league. If the four teams mentioned are determined to have a circuit of their own, what will happen to the Edmonton Lacrosse Club? Of course, the provincial league could be divided into two sections, north and south, but what teams would comprise the northern circuit?

Edmonton has the makings of an excellent team this year, but there will be great trouble getting the men to turn out, unless outside matches are to be made. The true, a section could be formed consisting of Edmonton, Strathcona, Red Deer, Lacombe or Wetaskiwin, but there would not be nearly the same interest as in the league originally thought of, namely, Lethbridge, Calgary, High River and Edmonton.

Lacrosse is not on a very firm basis in the northern cities and needs very careful fostering to make it a success.

A meeting of the provincial league is to be held in Calgary in a short time and it is to be hoped that Edmonton will get a place in the league.

Mayor Beat Douglas at Billiards

New York, April 7.—Jos. Mayor, of Philadelphia, defeated Dr. Walter G. Douglas, of New York, 400 to 125, in yesterday afternoon's game in the National Amateur Billiard tournament. In last night's game Edward Gardner, of Montclair, N.J., amateur champion in 1902, defeated Morry D. Brown, of Brooklyn.

Roxy Walters, now that he has Windy Bill Donovan, considers that he has the fastest outfielder in the league in Collins, Leichter and Donovan. May be?

MEMPHIS FANS JEER TIGERS

Crowd, Disappointed at Absence of Ty. Cobb, Accuse American League Champions of Hippodroming.

Memphis, Tenn., April 7.—Members of one division of the Detroit baseball team, including Donovan, Crawford, Mullin, Killian, the Jones, Schmidt, and others, who have helped to win three pennants, were again subjected to taunts and howls of criticism to-day from dissatisfied baseball fans who expected to see the regular team, including Ty Cobb.

In addition the Tigers under command of Wild Bill Donovan, suffered their third defeat in four days by a score of 4 to 1, and by a general display of lifelessness and muffled blows that came as easy chances were accused of hippodroming by irate southern fans.

Mullin and Killian worked hard, but the reported dissension among the fielders on account of Manager Jennings' solution of the star system, taking one half rest, and sending the other half in this direction, was apparent. Dave Jones taking the lead by "crabbing" at local spectators and players. The affair ended in a battle when Pitcher Fritz of the locals took exception when Jones accused him of an intentional aim at Jones' head with a pitched ball.

Ty Cobb wired Donovan that he would join the squad in Louisville on Wednesday.

FOURTH UMPIRE CHOSEN

Lethbridge, April 7.—Pat Flaherty, of St. Louis, has been made the fourth umpire upon the umpiring staff of the Western Canada league. Flaherty is well known in Winnipeg, where he has given the fans' excellent satisfaction in the past, in the handling of the indicator. President Eckstrom thinks he has acquired the services of a good man.

N.B.—This is official.

HE SPEAKS, BUT SAYS NOTHING

The official mouthpiece of President Eckstrom has broken out again into verse. Wonder if the Lethbridge city council has a muzzling bylaw among its statutes. If so, there is one citizen of that city, we would like to warn the dog catcher about. He is dangerous. Apropos of nothing, who will get the 1910 provincial meet of the Alberta A. A. A.?

ENGLISH TEAM WAS A FAILURE

Athletic News Says That the M.C.C. Team Which Visited South Africa Was Not Sufficiently Strong.

The M.C.C. team, which is touring in South Africa, under the command of H. D. G. Leveson-Gower, has lost the rubber in the series of five matches against South Africa. At the risk of being accused of being wise after the event, we do not hesitate to say that the result can have come as a surprise to very few people who follow the game at all closely.

The side contained several good bowlers but the batting was not sufficiently strong for such an important mission. Too much was allowed to rest on the shoulders of a few men but there is some consolation to be derived even from the fact, inasmuch as it enabled Hobbs and Rhodes to rest repeatedly to the occasion and thereby demonstrate their true genius.

The batting of the former has been the chief redeeming feature of the trip. In the fourth Test match he failed, it is true, but Humeer nodded at times, and even "W.G." was occasionally dismissed for what "Felix" would playfully term a "semi-brevé." When that match commenced Hobbs had made 996 runs in eleven A-class games, and probably knew it; hence his over-anxiety to do well, and his consequent lack of success.

In the match now in progress at Cape Town, Hobbs and Rhodes have established a new record for Test match cricket by making 221 together for England's first wicket. The former scored 187 and the latter 110 less. The previous longest opening partnership for England was 185 by Hayward and the Hon. F. S. Jackson, at the Oval, in 1899, against the Australian. The record for Australia is 180 by Warren Bardsley and Sydney Gregory, at Kennington, in August last.

Moran Gets Decision Over Baldwin

New York, April 7.—Owen Moran outpointed Matt Baldwin, of Boston, in a fast ten-round bout before the Fairmont A.C. last night. The English boy floored Baldwin in the 4th with a right uppercut and held his adversary throughout. Baldwin was strong in the last two rounds but the popular decision was Moran's by a good margin.

Toronto Ball Club in Bad.

Toronto, April 7.—At a meeting this morning of representatives of all labor unions in Toronto it was decided to boycott the Toronto Baseball and Tecumseh lacrosse team and other interests controlled by Mr. Led Solomon and J. J. McCaffrey on account of alleged unfairness to organized labor in all works of construction. Another ground for complaint is the fact that Mr. McCaffrey runs a union house.

THE TECUMSEHS WANT GRIFF

Manager Querre Writes Asking the 'Big Defence Man to Return to Toronto—Also After Billy West.

Vancouver, April 8.—Harry Griffith, the big good-natured lacrosse player, who will play point for Vancouver this coming season, has a pocketful of letters from Manager Charlie Querre of the Toronto Tecumsehs, coaxing him to return to his old love. Yesterday "Griff" received an offer that made him gasp for breath. He didn't half suspect that he was so good as the letter intimated, or so invaluable to any team. Querre told Griffith that he was pining away for the big fellow, and simply had to have him back. However, Harry is hooked for the coast this year, and Toronto will not get him.

Billy West, the well known fielder, is also in demand in Toronto. Manager Jimmy Murphy of the Toronto wants West back there this summer, but Billy does not want to go. He says he can make too much money in business out this way and anyway intends to play on a world's championship combination. As West intends to try for a place with Vancouver, lacrosse fans may draw their own conclusions.

Tomorrow afternoon the schedule of the professional lacrosse league will be drafted at the adjourned meeting of the association in New Westminster.

JOHNSON HOLDS HIS LOVELY \$10,000

A. A. McLean Sued the Smoke on a Contract Made Four Years Ago—Judge Dismissed the Action.

Boston, Mass., April 7.—The superior court today annulled a contract between A. A. McLean, of Chelsea, and Jack Johnson, the pugilist, in which Johnson agreed to fight, box and give boxing exhibitions, on the ground that the making of such a agreement was a felony in the state and could not be enforced. McLean sued the champion heavyweight on a contract made four years ago, and claimed that he preferred damage of \$10,000 when Johnson broke it in Australia in 1907.

Ee-Yah, Taylor

Manager Taylor, last year of Moose Jaw, will be using his warhorse in Lacrosse in Duluth this season, according to information received from Regina.

Eddie Foster is working hard to make the "big show" this year. The former Jersey City player has become tired of being shipped back to the minors each year.

ONLY A WEEK FROM TO-DAY

And Then the Deacons Report For Spring Practice—All We Ask is Weather, Fine and Warm.

Just a week from today the Edmonton baseball team reports here, and we will be able to get a line on the men that Deacon has signed up. Spring workouts form rather an uncertain quantity from which to dope out a team's chances for the pennant. The games are the real test of a player's ability, and sometimes the man who pulls off the startling plays in practice is not "there" when it comes to a real genuine grueling contest. Deacon has a number of splendid players signed up. That we know by looking up their records in the various year books. Figures can't lie, even though liars can figure so these men should be the equal of any other aggregation in the league.

Manager White is not going boldly about claiming that Edmonton has already copied the pennant. Deacon is too old an hand at the game to do anything like that. White asked what the team's chances are, he merely states, "Wait and see." But there is a quiet air of confidence around the Deacon that looks good to the local war correspondents. He is not inclined to overlook the other teams on the circuit and says that the article of ball in the Western Canada League this year will make that of preceding years look like thirty cents. The majority of the teams have men that have made names for themselves in the Northwestern League, so the rivalry will be exceptionally keen. It is anybody's race, with the odds in favor of the Alberta cities, who judging from present line-ups have a shade on the others.

With the team opening the season on the road they fans will have to content themselves with the exhibition games arranged with Charlie Crist's "rolls," and have to wait until nearly May 24th before they can see the real article of Western League ball. A game here, with the Calgary Cowpunchers on Victoria day, would draw like a porous plaster. The reason given for Edmonton opening away from home two years in succession, is that the weather in Western Alberta is too unsettled during the early part of May, and there is a lot of truth in the statement.

But, the spring practice right here in our midst will help a lot, towards relieving the minds of the ardent fans.

"Bull" Durham Coming

Ball players have many ups and downs, and Lou Durham, reported as signed with Moose Jaw is an example. Two years ago he was of material assistance in helping Minneapolis win the American Association pennant. He was then purchased by the New York Giants along with Rube Marquand, the \$100,000 beauty. Durham failed to deliver the goods with the National leaguers and was shipped back to Louisville, but his arm had evidently lost its cunning, and now he is sent up this way Durham is a slow ball pitcher and is just as likely as not to get the life batted out of him by the aspiring young hitters up in this league. "Bull" was with Joe Kelley's Toronto Maple Leafs for a short season last year. He didn't make good.

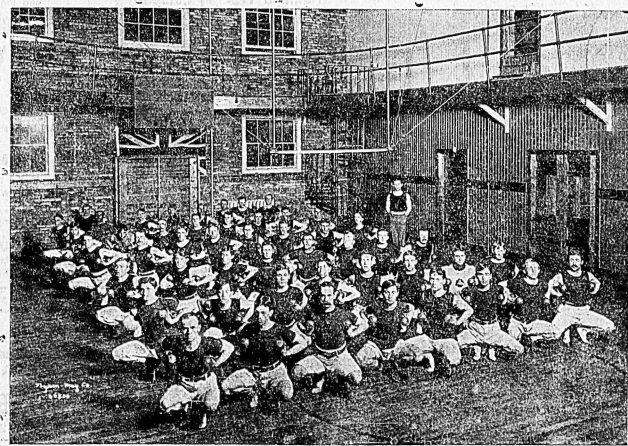

NORWOOD ATHLETIC CLUB

There will be a meeting of the Norwood Athletic Club this evening in the Oddfellows' Hall at eight thirty p.m. A football practice of the soccer team will be held this evening at the car barns at 6:30. A large turnout is expected.

About Town

The local C.P.R. office announces that the lake and rail line will be opened on April 16th by a steamer leaving Owen Sound.

Rev. George H. Hibbert of Massa- chusetts is giving a lecture in the First Baptist Church tonight under the auspices of the Edmonton and District Temperance Union.

The Winnipeg Free Press says that it is not likely that the P. & R. will institute a through service over the Winnipeg and Edmonton short line till October 1st.

A very substantial boom has taken place in real estate, and our local agents are kept on the move. A splendid class of settlers are coming in, and land is selling at a good figure.—Ponoka Herald.

Mr. Davis, Dominion land surveyor, left this morning with a large outfit. He is going to work in the country south of the Athabasca Landing, where he expects to spend the summer. The work is evidently to be done on a large scale as there are five transits with the party.

C. M. Campbell left Monday on a novel hunting expedition. He intends making his way to Battledore by river and expects to be gone for about two months. His little boat presented a unique appearance, and armed with shot guns, rifles and a frying pan he is looking forward to the time of his life.—Ponoka Herald.

At a well-attended executive meeting of the United Aids last night, Mr. Travis Barker was unanimously requested to reconsider his resignation of the Union. This demand was strongly reinforced by a beautifully expressed petition from the Norwood branch. The vote of entire and unqualified confidence in the president was passed with great enthusiasm. Meanwhile the president in a graceful manner decided to acquiesce to the urgent demand of the executive to waive his resignation.

Mr. L. E. Silcox, assistant engineer C.T.P., expects to start west with his party on Monday. He will revise the line from Duck Lake southwest to the Yellowhead Coal and Coke Co.'s mine, which he located last winter, and continue the line on through the hills to the mines of the Pacific Pass Coal Co., which are situated on the Little Pembina river.

The public works department is calling for tenders for the erection of the new asylum at Ponoka. The work specified is the electric conduit wire erected, a supply of wood fibre plaster and a supply of all maple flooring. Tenders must be in by noon of April 23rd and in the case of the conduit wire must be accompanied by a cheque for 5 per cent. of the value of the tender. The tenders for the flooring and plaster must be accompanied by certified cheques for \$50.

At a meeting in Erskine Church last night a branch of the moral and social reform council was formed with the following officers: President, David Macleod; Vice-president, Walter Angus; Secretary-treasurer, Harry Dunham; Executive committee, Hugh Mackie, P. A. Stewart, Arthur Magee, T. T. Clyde, W. H. Gordon. The chief object of the council will be the promotion of temperance and the suppression of the social evil.

A very pretty wedding took place at the Arlington Apartments, Suite 27, when V. G. Gossell and Miss C. Wheeler were united in the holy bonds of matrimony. The bride wore a pearl grey gown of exquisite taste, and carried a bouquet of carnations beautifully arranged; the maid of honor, Miss E. Forté of Strathcona, was attired in a cream silk gown of empire design. Among the guests present were Mr. and Mrs. Parney, Mr. and Mrs. Parish, Mr. and Mrs. Bruce, Mr. and Miss Forté. The groom was ably supported by Mr. V. T. Matthews. The wedding breakfast was served in a very pleasing and artistic style. Rev. J. Coulter performed the ceremony and the evening was spent very harmoniously with music and song. Mr. and Mrs. Gossell were the recipients of numerous presents from their many admirers. They will make their home for the present in the Arlington Apartments.

F. B. and A. V. Ainley and C. F. Colclough in Edmonton this week from Winnipeg.

A. S. Maxwell, manager of the Vegreville branch, is in charge of the Edmonton branch during the absence of Manager A. C. Fraser of the Merchants' Bank.

Hamilton Byers, manager of the Nelson, B.C., branch of the Ashdown Hardware Company, leaves Nelson Sunday for Winnipeg to become manager of the company's retail store here. Mr. Byers succeeds James Lawrence, who went to that post from the management of the Calgary branch two years ago, but who is going into business in Edmonton.—Winnipeg Free Press.

Thursday's Calgary Albertan says: "John Niblock, for many years district superintendent of the C.P.R. and one of the best known men in the city, left yesterday afternoon for Nanaimo, B.C., where he goes to make his future home on a 25-acre fruit ranch he owns there. He was accompanied by Mrs. Niblock. About twenty of Mr. Niblock's most intimate friends in the Y.M.C.A., the Central Methodist Church and railroad work gathered to wish him a pleasant journey."

The death took place at Battenburg, Alberta, on Saturday night of J. C. F. Barr. Mr. Barr came to Edmonton about seven years ago from Cambridge, Ohio, and went to Battenburg two years ago to take up farming. He had been ill for a considerable period before death ensued. He was twice married and leaves a widow and stepson at Battenburg, and three children by his first marriage, who live in Ohio. He was 57 years of age. He was a prominent member of Jasper Lodge No. 6, Knights of Pythias. The funeral took place at Sunnyside on Monday afternoon, Rev. H. H. Wilkinson of Fort Saskatchewan conducting the services.

That the Empire has some fine pictures, was the expressed opinion of each audience last night, and as a matter of fact, they are well worth seeing.

"How Jones Paid His Debt" is a comic film and illustrates a very ingenious way of ending one's creditors. "Panther Hunting" is also a most interesting subject and the clever manner in which the wild panther was captured is portrayed.

Perhaps the most beautiful film is "Stripping the Forest in Winter." It shows the methods employed by lumbermen to bring to earth the giants of the forest. The felling, cutting into logs, hauling to the chute, and the plunge of the logs from the chute into the water, the forming of the boom, etc., are all shown.

"The Senorita" is a powerful dramatic subject handled by capable artists and is one of Gaumont's best productions. There are two performances, one at 8 and the next at 9:15 nightly, with a special matinee on Saturday at 3 p.m.

THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

Rev. Ruess has accepted a call to Dufferin Ave. Lutheran Church, Winnipeg, at a salary of \$1,000.

The annual meeting of the Baptist Tennis Club was held on Wednesday evening and officers were appointed for the season. The club anticipates a most prosperous season.

Heavy traffic is reported on the C.P.R. and the Strathcona station presents a very lively scene on the arrival of trains. Among the largest crowd that landed here yesterday was a large party of immigrants just over from England.

The cement work at the new Alberta College is being put in with all possible despatch. About thirty men are at work on the building and concrete along the south is being put in. A number of men have commenced at the Arts Building making it ready for the continuation of the masonry work.

The river is almost clear of ice. The ice this year, unlike its usual custom which is to be heaved up with a roar and go careering down stream carrying all before it, went out very quietly, gradually melting away. Walter's ferry expects to commence running in a day or so.

We've built up our reputation for selling good clothes, the best of clothes, by giving a dollar's worth of value for a dollar, and saying "Money back if not satisfied." See our new Spring Suits. Mac's Clothing Store.

Marines Restored Order.
Dover, Eng., April 8.—The emigrants who were transferred to the steamer "Kanawha" from the steamer "Cairnora," after a fire broke out on the latter vessel yesterday became so angry this morning that the captain of the Kanawha was obliged to ask for naval assistance. A detachment of armed marines was sent aboard the vessel to restore order.
